ROADS AND BRIDGES MONTHLY REPORT  
December 2011

Construction Updates

The 2010/2011 Road Construction has been closed out with the completion of preliminary repairs and patching on Caesar Drive and Dana Lane, and the final repair to property at 50 Hawthorne Lane caused during culvert replacement.

TREE TRIMMING.

On November 17 Dan Strahan and I met with Bob Miller, Supervisor of Algonquin Township. The village has requested that tree trimming along designated roads by the "boom mower" which gets overhanging and protruding growth, leaving a hedge like appearance, be done this fall to clear viewing at intersections and overgrown signs. Roadside tree trimming has been completed on Hagers Bend, Chapel and River Roads.

WINTER PLANNING

Snow plowing contracts have been signed with both Cuba and Algonquin Townships.

2012 Road Program Update

Preliminary design work is in progress.

The roads and bridges budget has been reduced from \$900k to \$710K which necessitates the use of MFT funds for the base program.

-Caesar Drive, Dana Lane, Steeplechase (seal and patch), Braeburn and Cross Timber

-Dundee Lane to be partially deferred

-A drain tile survey has been requested for Braeburn Road prior to beginning work in the spring to avoid unforeseen complications from existing drain tiles which are unknown

-Coordination with public utilities and Kinder Morgan (pipeline through Caesar Drive area)

-Caesar Drive resident coordination to take place upon completion of preliminary design

Braeburn Road – North end unincorporated

A request has been sent to Algonquin Township for cooperation and sharing of expenses of the unincorporated part of Braeburn Road

PRIVATE ROAD HOA MEETING

A meeting of private road coordinators has been scheduled for Feb, 23 in the Zimmerman Room at the Barrington Area Library

The agenda and topics to be reviewed are being prepared by Dan Strahan, Bob Kosin and Patty Meroni. A notice of the meeting will be sent at the beginning of January.

Patty Meroni

Chair, Roads and Bridges
